Modern Foreign Languages Curriculum Intent	At South Avenue, our curriculum is designed to provide opportunities that encourage each child to become curious and interested in the world around them. We aim to provide all children with the skills, knowledge and understanding to learn a new language and in turn to appreciate and have a better understanding of their own cultures and those of others. Language is closely linked to individual identity and community, and learning another language can do a great deal to shape children's ideas in this area as well as giving them a new perspective on their own language. Our languages curriculum has been designed to progressively develop children's skills in languages and to ensure that pupils develop communication skills in speaking, listening, reading and writing. We aim to encourage children's confidence, to plan engaging and enjoyable lessons and continuously stimulate children's curiosity about languages.
