

Pupil Voice

Jad 1HA “I like science, it’s so cool! You get to see things you haven’t tried before!”

Kendrick 2B “It’s cool, you get to do experiments like when we put ice in cold and warm water.”

Ralph 3B “I love science! We have been learning about magnets in year 3.”

Thomas 4G “I like science because you get to learn about different types of animals, we also learn about batteries and different types of switches.”

Patrick 5G “I love science, especially the experiments.”

Isabelle 6M “I like the experiments like when we use the electricity kits.”
