

Year 6 Class Newsletter

Ruby Class Teacher: Mrs Greenwood
Ruby Class TA: Miss Harrison and Mr Graham
Pearl Class Teachers: Mrs Livesey & Mrs Orr
Pearl Class TA: Miss Asif

Welcome to Year 6 Term 6

This is an overview of what your child will be learning this term.

Year 6 have worked incredibly hard this year and we feel extremely proud of their efforts. In term 6, we will be continuing to build on this, in order to ensure that every child leaves South Avenue having achieved their very best.

With this in mind, the children will have Maths and English together with cross-curricular activities relating to our topic; 'The Big Wide World To Secondary and Beyond'.

P.E. - Friday

PE will include swimming every Monday morning and athletics practise for Sports Day. We appreciate your continued support in ensuring that the children **always** have their kit in school to enable full participation. No jewellery to be worn in P.E. please.

Things to come!!

Swimming
Residential trip
End of year party
Transition days
Leavers' assembly
Summer fair
Sports Day

Water bottles

Please could you ensure that your child brings a named drink bottle to school each day, to have in the classroom. **This should contain water only, no juice or squash please.**

Don't forget to send your child in with a water bottle and sun hat on warm days—and apply sun cream before school if required.

English: The children will be focusing on story writing, this term; choosing their theme but ensuring the story includes conflict and a variety of character and setting description. They will also continue with regular AR reading, aiming to achieve 1,000,000 words!

Maths: We will be completing some maths puzzles requiring children to think about the variety of ways they can tackle the problem.

Wider Curriculum: This term our science topic is Evolution and inheritance. As part of our topic, the children will be exploring themselves as learners and identifying goals they would like to achieve. We will also explore potential careers for the future. Finally, the children will have SRE lessons this term, where they will discuss puberty, reproduction and relationships.
