50p a go - cash only!

YEAR 4 ROMAN DAY

The Year 4 children had a fantastic time celebrating Roman Day! They took part in an exciting workshop led by the Rainbow Theatre Company, where they learned about life in Ancient Rome. The children also made their own Roman-style bread and sampled a variety of foods that were popular during the Roman era, including figs, dates, olives, and goat's cheese – as well as their freshly baked bread. It was a wonderful day full of learning, laughter, and fun!

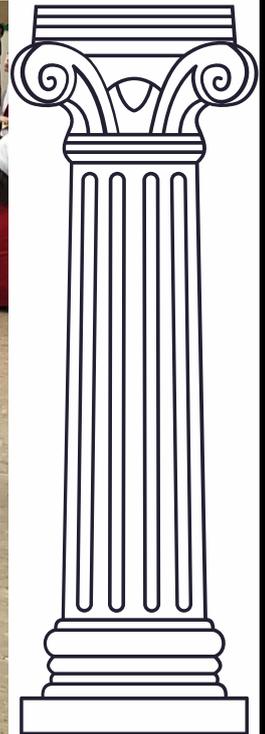

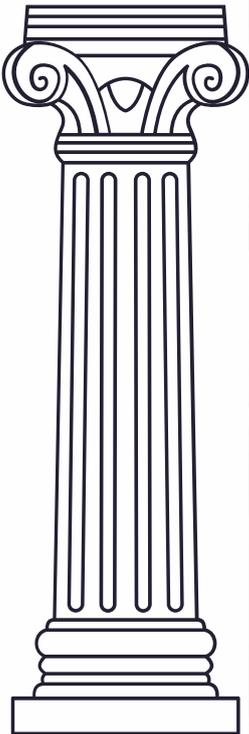

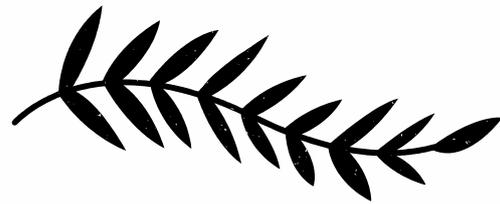

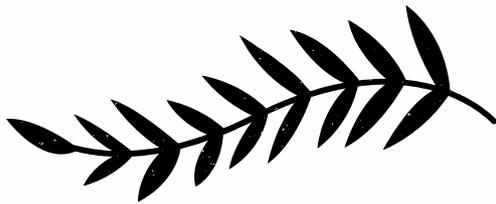

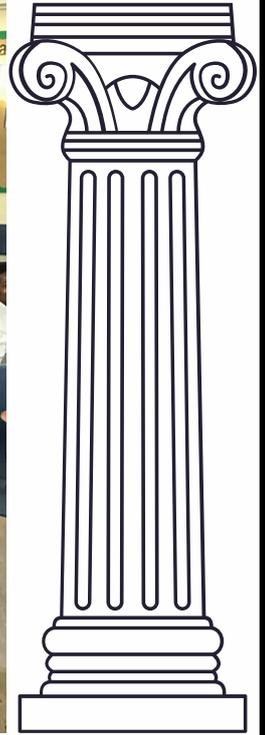

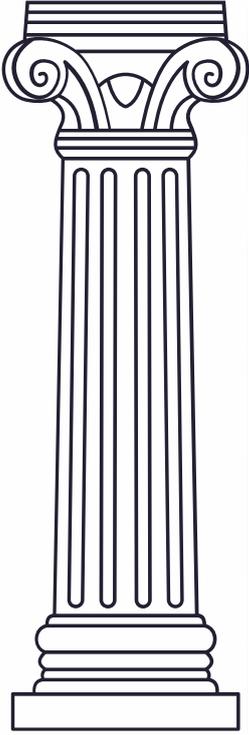

Here is a collage of 4H practising the skills they need to make their Roman bread in D.T. The children practised measuring out water in ml. practised kneading playdough and practised weighing out objects up to 500g.

YEAR 5 GREEK DAY

Year 5 took part in an engaging Ancient Greece theatre workshop, where they performed a range of scenes from everyday Greek life from school and the marketplace to famous myths and legends. The children had a wonderful time bringing history to life through drama and creativity!

YEAR 5 - MOON SAMPLES

As part of last term's Space topic, the children were thrilled to take part in the borrow the moon scheme. They had the rare opportunity to examine real lunar samples and meteorites on loan from NASA and the UK Space Agency
