

Ancient Egypt

What was life like in Ancient Egypt?

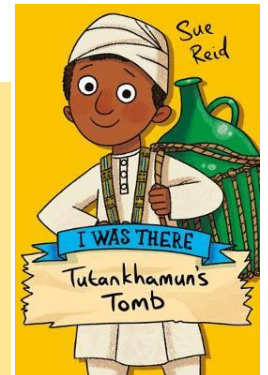

Ancient Egypt was one of the world's most powerful civilisations and it lasted for over 3000 years. The Ancient Egyptian civilisation was located in the north of Africa, along the River Nile which helped to give it great wealth. The Ancient Egyptians were also great scientists and mathematicians who loved to discover and invent things!

What we already know:

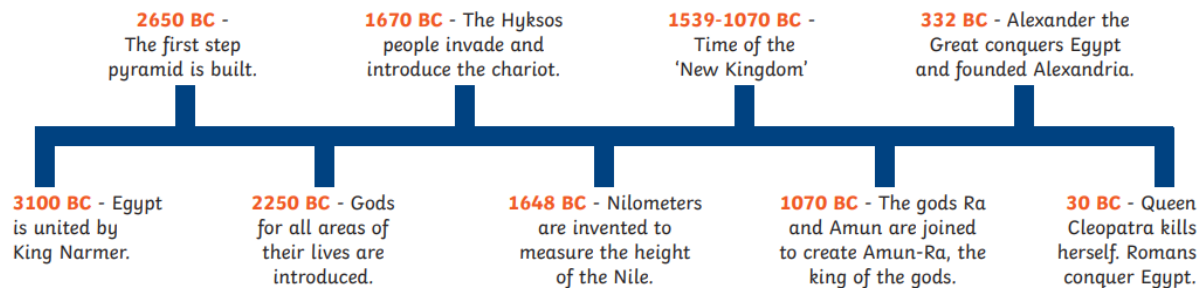

We have already learnt about the idea of chronological order. We are able to use a variety of sources such as diary, pictures and paintings to allow us to understand more about our topic. We have also learnt how to discuss key facts and how to record them for us to better our knowledge on Ancient Egypt.

This term we will be learning:

In this topic, we will learn about what life was like for the Ancient Egyptians. We will find out where Ancient Egypt was and why the River Nile was so important. We will learn about the different people who lived there, including the Pharaoh and workers, and explore what their daily lives were like. We will also discover what Ancient Egyptians believed about gods and the afterlife. By the end, we will use everything we have learned to answer the question: What was life like for the Ancient Egyptians?
