A huge **WELL DONE** to those who entered our competition to identify the mystery historical items.

This is called a **penny-farthing** and was the first machine to be called a "bicycle".

It was popular in the 1870s and 1880s, with its large front wheel providing high speeds and comfort.

Our winners are **Isabella** in Amber Class and **Ben** in Opal Class who were completely correct with their entries! Well done!! Your prizes are on the way!

Here is our final mystery item for Term 6:

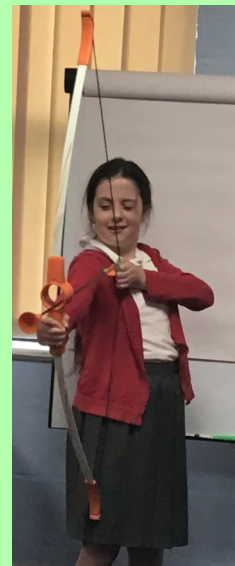

Again, what do you think it is? What was it used for and who would have used them? Can you guess a time frame they were used?

Entries can be given to your teacher or put straight into the History Detectives box in the Infant hall or the Junior hall.

On Tuesday 22nd June, Year 6 took part in a Transition to Secondary School Game workshop provided by Swale Youth and Brogdale CIC. As you can see they had a lot of fun and had the opportunity to reflect on the opportunities and challenges moving to secondary school might present. If you or your child would like more support with the transition to secondary school please refer to the brilliant resources provided by the Anna Freud Centre:
