

Year 3 Term 2 History

How has Sittingbourne Changed Through the Years?

What I already know ...

That there are important people within society that have changed the world or country for the better.
How to compare the lives of inspirational people and the similarities and differences of these people.
That events can be ordered in chronological order.

What we will learn ...

We will be comparing similarities and differences in the town of Sittingbourne over recent history. We will learn about Sittingbourne's Roman links and its royal visitors as we use chronology to organise our ideas, We are also going to be evaluating artefacts to identify their importance before taking part in a historical study of a local significant figure, in Ivy Chapman. Finally, we will then answer the question of, how has Sittingbourne changed over the years?

Key Vocabulary

Chronological: Organising events in order of them happening

Similarities: Things that are the same
